16 Mike Dobbs	M60	SBOC		73:10
17 Sue Alston	W50	SBOC		77:01

---

Thanks to all for coming. I hope the final Event of this year’s League gave you a positive experience and good finish to the series. Pembrey still seems to provide a good challenge even to the “old lags” who know it so well. Hopefully the new SI kit bought by the club enhanced the event for you and will prove its full worth in days to come.

Using the new kit certainly saved me a lot of sums and control card checking, although it appears it let some of you off the hook in this regard as it listed everyone on the Green as being on the same course even though I know some of you missed a control (the one I forgot to put out initially, and some others possibly also!). Future users of the kit be warned of this potential problem! – it seems that more testing is in order before more serious usage of the kit, and a duplicate print-out may be needed to allow the organiser to check the “punching”.

Apologies for the small errors I made on some of the courses. I hope they didn’t spoil any runs unduly, but I do apologise for making them. I had limited time in planning this event so didn’t double check everything as thoroughly as I usually do – it does make a difference! Hanging the controls also took longer than in previous years (sigh!).

Thanks to many valiant control collectors, Sue, Dave, Chris, Mike and Roger. Special thanks also to those who joined the search parties: Sally, Chris, Mike and Roger. This generosity of spirit is much appreciated.

Thanks also to Forestry for letting us park in the forest.  
 Bridget Stein
