Thank you all for attending the first event of this year's Summer League. Let's hope the weather for the rest is as good.

Unfortunately 2 controls were moved during the event which affected the Light Green and Green courses. The last control on each course was taken at the start of the event so all competitors were equally disadvantaged. We have yet to establish what happened to Control 7 on the Green which appears to have been removed and then restored to it's location during the event. If anyone can let me know, please do so.

Sam
