11	S Jenkins	93:40
12	P Jenkins	94:04
	S Mitchell	Retd.
	A Bedwell	Retd.
	J King	Retd.

#### Planner's Report

Thanks to all who turned up making for an entertaining event. Apologies for the height of the bracken but I think most found the challenge fun. I didn't want to put many controls in the woods as it gets very dark quickly in there and I think most appreciated the chance to run in the more open park where they could stretch their legs. I'm sorry about the position with the gates as I understand one or two had problems crossing fences: I didn't realise they closed some of the inner gates at night.

A special thank you to those who collected controls: Alan Lasky, Dave Bird, Ben and Dave Doherty.

The same goes for Sarah and Phil Jenkins who stayed behind to form the search party. Fortunately soon after starting the search the last runner turned up.

Finally it was good to see one of our former regulars turn up to support the event having driven all the way from Scotland. However, as he is a local lad this doesn't seem to have helped and I can only wonder how much effort he's putting into his training in that northern outpost, better luck next time. Good luck to all in the Scottish six day event.

Leighton Anthony
