Thanks to Roger for help with planning the shorter courses and Ben Mitchell, Dave Bird and Dave Doherty for help with control collecting. Also thanks to Ben Doherty for chasing after some kids who had taken controls 10 and 11 on the Green

I tried to make the most of the small area of nice forest by putting lots of zig zags in, hopefully this made for some varied route choices, I didn't really think about the climb that would add up by doing this though.
